

CANIGEL PREMIUM

Supplementary feed for the accompanying feeding of joint problems

- Supplementary feed for adult dogs to accompany feeding for joint problems.
- Contains gelatine hydrolysate to prevent and alleviate joint problems.
- New Zealand green-lipped mussel and other ingredients promote joint stability and have an anti-inflammatory effect.
- Herbs such as medesweet, nettle, celery seed and devil's claw can have a pain-relieving effect on joint diseases.
- High-dose additives such as biotin, zinc and vitamin E support the development of elastic pads and strong claws.
