

APPLE-CORN MUESLI

Protein-reduced muesli - easy to digest

- deukavallo apple-grain muesli the classic among mueslis: smells good - tastes good - is good.
- Highly digestible ingredients (e.g. popped maize) facilitate digestion and thus provide relief for the intestines.
- With tasty apple pieces - but without oat grains.
- For lightly to moderately stressed sport and leisure horses.
- Also suitable for pasture feeding as it is low in protein.

Ingredients

Crude fibre	10,00 %
Crude fat	3,40 %
Crude protein	8,40 %
Crude ash	10,30 %
Calcium	1,50 %
Phosphorus	0,40 %
Sodium	0,80 %
Magnesium	0,12 %
Lysine	0,30 %
Starch	32,00 %
Sugar	3,50 %

For individual values, there may be slight deviations in content between the supplier plants.

List of ingredients

other water soluble vitamins	

For individual values, there may be slight deviations in content between the supplier plants.

Trace elements

Iron	35.00 mg/kg
Iodine	0,20 mg/kg
Copper	14,00 mg/kg
Manganese	35.00 mg/kg
Selenium	0.30 mg/kg
Zinc	105.00 mg/kg

For individual values, there may be slight deviations in content between the supplier plants.

Feeding recommendation

As sole cot feed in addition to hay:

☑ light work: 0.30 - 0.50 kg* / 100 kg body weight per day

☑ medium work: 0.50 - 0.80 kg* / 100 kg body weight per day

For lower dosage, the addition of a mineral feed is recommended.

Or in combination with oats and hay:

Example ration for a 600 kg warm-blooded horse per day:

☑ light work: up to 1.0 kg oats/basic feed* 1.5 - 2.0 kg corn muesli*

Medium work: 1.0 - 2.0 kg oats/basic manger feed* 2.0 - 2.5 kg corn muesli*

* Depending on the daily roughage quantity and quality. Depending on temperament, physical condition and feed conversion, it may be advisable to adjust the amount of feed. Recommended roughage quantity per day: at least 1.0-1.5 kg hay or haylage/100 kg body weight per day.
