

APPLE MASH

The delicious mash with linseed and brewer's yeast

- deukavallo Apple Mash with linseed, brewer's yeast and multivitamin complex is a delicacy for the horse.
- The tasty apple pieces are particularly appetising and, when mixed with warm water, apple mash is a boon for your horse, especially in winter.
- It also activates the metabolism and promotes digestion. At the same time, the seeds protect the stomach and intestinal mucosa.
- It is ideal as supplementary feed in times of regeneration and coat change.

Vitamin D3	800.00 I.U./kg
Vitamin E	120.00 mg/kg

For individual values, there may be slight deviations in content between the supplier plants.

Feeding recommendation

Is given as a main meal or as a meal for in-between 1 to 3 times a week (in special cases, e.g. in case of illness, more often).

For each meal (for a large horse), mix approx. 300.0-800.0 g deukavallo Apple Mash with hot water, allow to steep for approx. 30 minutes and feed warm to the hand. We recommend soaking deukavallo Apfelmash with 2.0-2.5 times the amount of water.
