

# BIOTIN + ZINK

## Supplementary feed for hoof growth and intact skin

- deukavallo Biotin + Zink is a feed supplement for horses prone to hoof or skin problems
- The biotin contained promotes the formation of keratin and thus gives hooves more elasticity
- Regular feeding of the supplement ensures improved growth of the hoof horn
- The combination of biotin and zinc ensures strong hooves, intact skin and a shiny coat

### Ingredients

Crude fibre	14,00 %
Crude fat	4,60 %
Crude protein	15,00 %
Crude ash	7,30 %

*For individual values, there may be slight deviations in content between the supplier plants.*

### List of ingredients

Lucerne meal, sweet whey powder, dextrose, yeast, linseed (pressure hydrothermally treated and broken down), sugar beet molasses pulp, soybean hulls (pressure hydrothermally treated and broken down), carob groats

## Vitamins

Vitamin E	1.000.00 mg/kg
Biotin	1.000.000,00 µg/kg

*For individual values, there may be slight deviations in content between the supplier plants.*

## Trace elements

Selenium	15.00 mg/kg
Zinc	8.000.00 mg/kg

*For individual values, there may be slight deviations in content between the supplier plants.*

## Feeding recommendation

Feed 30 g daily to large horses. In case of acute hoof or skin problems, deukavallo Biotin Zinc should be used regularly for at least 6 months. (Measuring spoon = approx. 15 g)

This supplementary feed may only be fed to horses up to 2.0 % of the daily ration due to the higher content of trace elements compared to complete feeds.
