

LEINVITAL

Grain-free linseed blend for digestion and metabolism

- deukavallo Leinvital is THE tasty grain-free metabolism booster for all horses.
- The starch- and sugar-reduced linseed mixture improves digestive performance and is ideal for feeding during the change of coat, in cases of watery stools and stomach problems.
- It supports muscle development and at the same time improves the fertility of breeding horses.

Ingredients

| | |
|---------------|---------|
| Crude protein | 17,50 % |
| Lysine | 0,75 % |
| Crude ash | 5,00 % |
| Calcium | 0,30 % |
| Crude fat | 21,00 % |
| Phosphorus | 0,40 % |
| Crude fibre | 18,00 % |
| Sodium | 0,05 % |

For individual values, there may be slight deviations in content between the supplier plants.

List of ingredients

Linseed (pressure hydrothermally treated and digested)
, Soybean hulls (pressure hydrothermally treated and digested)

Vitamins

| | |
|---------------|----------------|
| Vitamin E | 1.500.00 mg/kg |
| Beta-carotene | 500,00 mg/kg |

For individual values, there may be slight deviations in content between the supplier plants.

Feeding recommendation

To regulate digestion or support the change of coat: Large horses approx. 200.0-300.0 g per day (ponies half).*

To support the performance of sport horses: Large horses up to max. 500.0 g per day (ponies half).*

To promote the fertility of the mare at least four weeks before the planned mating date up to the 8th week of pregnancy: large horses approx. 300.0-400.0 g/day (ponies half).*

Stallions during the breeding season: Large horses approx. 300.0-400.0 g/day (ponies half)

* Gradually increase the daily amount of deukavallo Leinvital to the desired level for a gentle acclimatisation
