

TOP MIX

Sturdy basic muesli for horses with light to average stress levels

- deukavallo Top Mix is a mixture of pellets and barley/corn flakes.
- It is an inexpensive muesli alternative for all those who want to feed their horse well and cheaply.
- It provides the basic supply of important vitamins and minerals.
- At the same time, it is particularly easy to digest and thus relieves the intestines. Moreover, Top Mix is free of oat grains.
- deukavallo Top Mix is ideal as a combination product with other muesli feeds.
- Also available in bulk.

Ingredients

Crude fibre	12,00 %
Crude fat	4,30 %
Crude protein	10,00 %
Crude ash	5,70 %
Calcium	0,90 %
Phosphorus	0,40 %
Sodium	0,15 %
Magnesium	0,20 %
Lysine	0,40 %

Manganese	36.00 mg/kg
Selenium	0.20 mg/kg
Zinc	30.00 mg/kg

For individual values, there may be slight deviations in content between the supplier plants.

Feeding recommendation

As sole cot feed in addition to hay/haylage:

☐ light work: 0.30-0.50 kg*/100 kg body weight per day

☐ medium work: 0.50-0.80 kg*/100 kg body weight per day

For lower dosage, the addition of a mineral feed is recommended.

In combination with oats and hay/haylage (example ration for a 600 kg warmblood per day):

☐ light work: up to 1.0 kg oats/basic crib feed* 1.5-2.0 kg Top Mix*

Medium work: 1.0-2.0 kg oats/basic manger feed* 2.0-2.5 kg Top Mix*

* Depending on daily roughage quantity and quality. Depending on temperament, physical condition and feed conversion, it may be advisable to adjust the feed quantities. Recommended roughage quantity per day: at least 1.0-1.5 kg hay or haylage/100 kg body weight per day.
