

MEADOW MASH

Grain-free mash to support the stomach and metabolism

- deukavallo Wiesenmash is a grain-free mash for horses in sport and leisure.
- The fibre-rich mixture supports healthy intestinal flora and performance.
- Low-sugar and low-protein Timothy hay and apple pomace promote digestion in a natural way.
- Molasses-free and easily digestible, therefore also suitable for sensitive and fussy horses.
- Also ideal for horses with stomach problems or metabolic diseases such as EMS, Cushing's (ECS/PPID) and PSSM.

Ingredients

Crude fibre	28,80%
Crude fat	9,20%
Crude protein	11,60%
Crude ash	5,60%
Calcium	0,41%
Phosphorus	0,27%
Sodium	0,25%
Magnesium	0,12%
Lysine	0,39%
Starch	4,50%
Sugar	3,90%

For individual values, there may be slight deviations in content between the supplier plants.

List of ingredients

Timothy hay; apple pomace; soya hulls; sunflower hulls; toasted rolled linseed; dehydrated lucerne; sweet lupin flakes; pea flakes; linseed; sunflower seed; sunflower extraction meal feed; linseed oil; oligofructose syrup; marigold; carrots

Feeding recommendation

deukavallo Wiesenmash is given as a main meal or as a snack between meals 1 to 3 times a week; in special cases, such as illness or similar, more often.

For a large horse per meal (small horse/pony correspondingly less):

mix approx. 0.3-1.0 kg deukavallo meadow mash with hot or cold water, leave to infuse for approx. 30 minutes and feed hand-warm.

We recommend soaking deukavallo Wiesenmash in 2-2.5 times the amount of water.
