BREEDING GOLD
Balanced complete feed for parents

- Club Zuchtgold is a balanced complete feed for parents - for best breeding results.
- Due to its rich composition, it completely covers the increased nutrient requirements in breeding and supports a high fertility and hatching rate.
- The pelletised form also ensures an even supply of nutrients.

Please note that the products of our Club brand are only available from certain retailers - mainly in southern Germany.

Ingredients

Crude protein	17,00 %
Crude fat	3,80 %

Trace elements

contain other trace elements

For individual values, there may be slight deviations in content between the supplier plants.

Feeding recommendation

Feed as complete feed for free disposal two weeks before the start of laying and during the laying period. Or at the latest 4-6 weeks before collecting the hatching eggs.

Always provide fresh drinking water.
