

RODENT MUESLI

For rabbits, dwarf rabbits, guinea pigs and hamsters

- deukanin rodent muesli is a tasty muesli food for all rabbits, dwarf rabbits, guinea pigs and hamsters.
- Its highly digestible components make rodent muesli particularly easy to digest.
- It provides your animals with all vitamins and nutrients. Its high vitamin C content meets the requirements of your guinea pigs in particular, which cannot "produce" their own vitamin C.
- High-quality protein and valuable rapeseed oil promote a silky, shiny coat - ideal therefore also for show preparation of pedigree rabbits. The special kick especially for underweights!

Ingredients
